Qlick for Business

Does your company temporarily need highly skilled IT-professionals, or would you like to assess a new employee before hiring him or her? Qlick offers the solution!

Qlick offers a comprehensive solution for recruitment, temporary staffing, extensive salary administration and tax returns; always in accordance with the relevant Dutch legislation. Our experts are always up to date with the latest legislation in the field of labour law, wage tax and social insurance. We understand the needs of our customers and offer the best staff. Qlick has a high-quality database of nearly 10,000 professionals, who can drive your company to greater success!

This is what we offer

- Quality staff
 - System admins, Network management and Application management
 - Software developers (.NET, Java, PHP, C ++, etc.)
 - Project managers
- Management of personal and financial data
- Complete insight through our app and management of
 - Leave, absences and sickness
 - Commissions and expenses
- Fund Management
 - Social insurance funds
 - Holiday fund
 - Reserves fund
- NEN-4400 certified, full protection against liability, tax and social security risks; check out www.normeringarbeid.nl for more info.

Qlick for Manpower

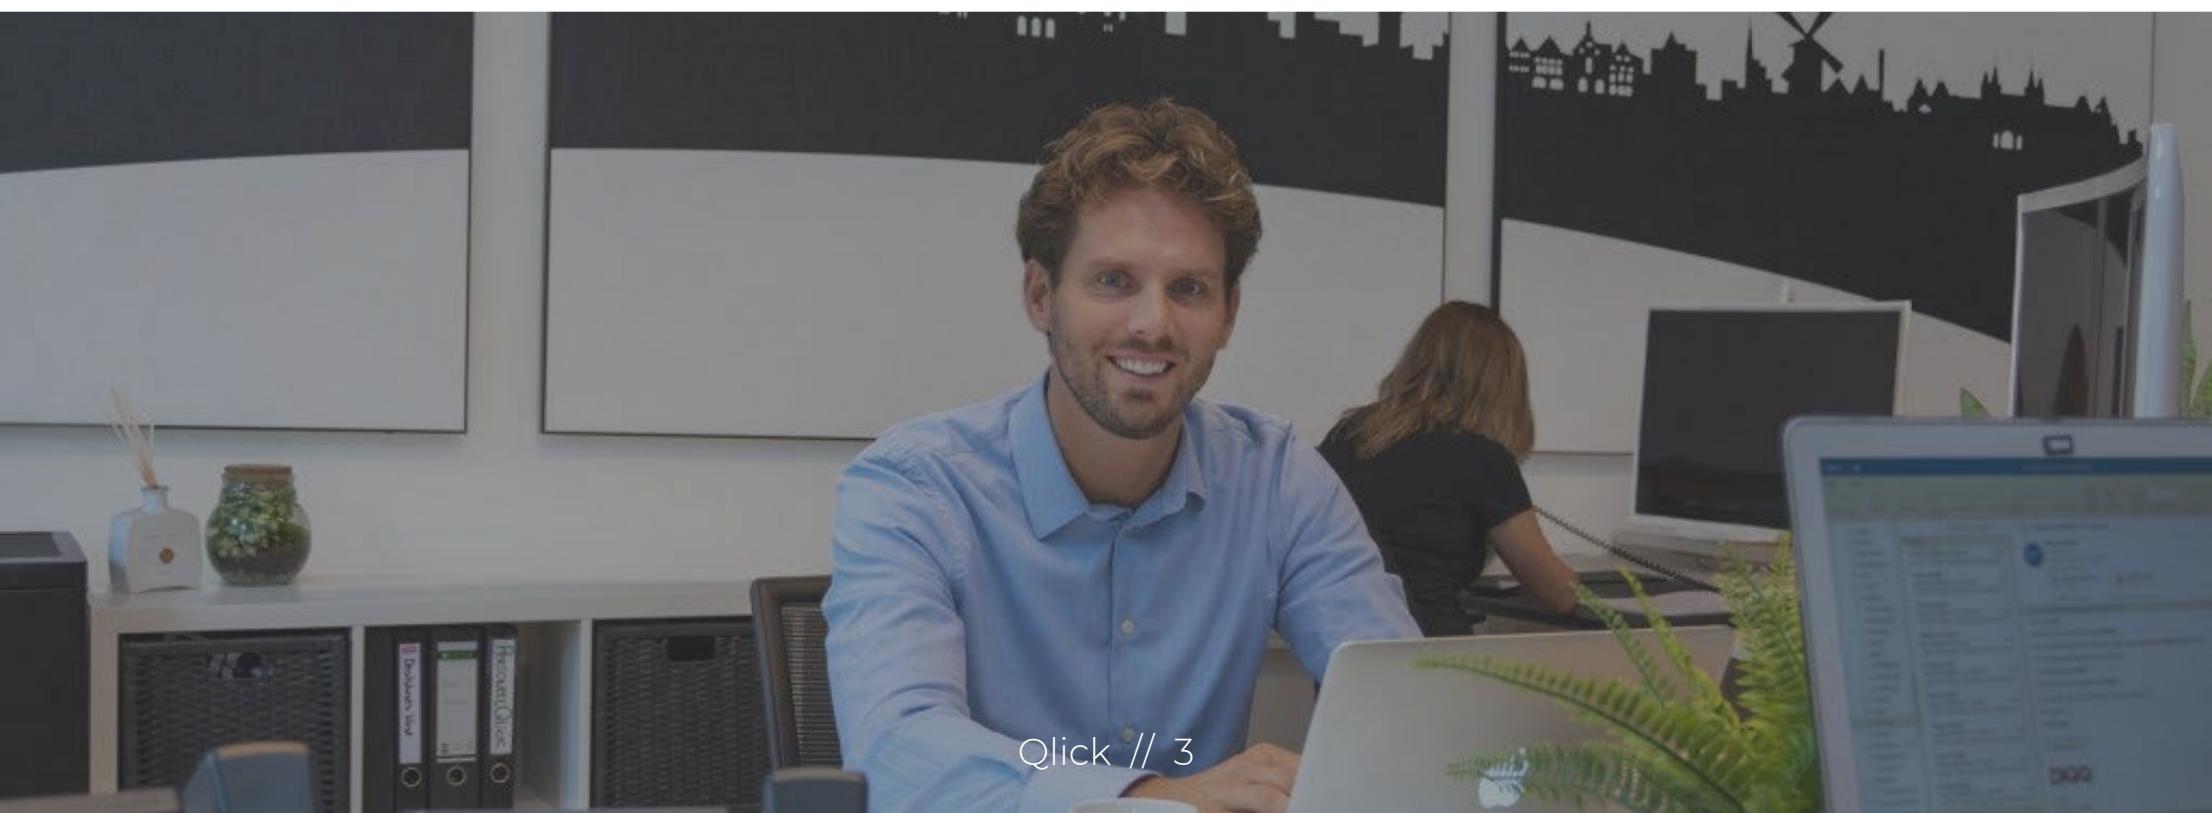

Join the Qlick Talent Pool and let us connect you to the larger companies in the Netherlands. With clients such as Pon, LeasePlan and RTL, there are always great projects ahead of you. Our recruiters are happy to put you in touch with these companies. If you want more certainty, we offer fixed salaries, but you can also work on an hourly basis. You can keep track of the hours yourself, via our app and after approval, we will transfer your salary within a few days. We also offer a reserve fund for temporary employees who work on an hourly basis. If, for whatever reason, you have worked fewer hours in a certain month, we will use the money in this fund and complement your salary that month. In addition, you are always automatically insured under various social insurance laws such as the Unemployment Insurance Act, the Health Insurance Act, and a pension is accrued.

Reasons to join Qlick:

We offer the best positions and the most challenging projects.

Keep your work organized in our app, from hours worked, to leave and reimbursements.

Build in financial security with our specially developed reserve scheme (more info in the brochure Qlick, let's talk €).

We are also specialised in highly skilled migrants and arrange residency visas and work permits (currently through our partners, but Qlick is in the process to become a "Recognized Referent" with the Immigration Authority (IND)). The Netherlands has a special (tax) arrangement for "highly skilled migrants". For highly skilled migrants our solution also includes:

Visa and work permit application.

30% Tax free allowance.

Extensive help with relocation.

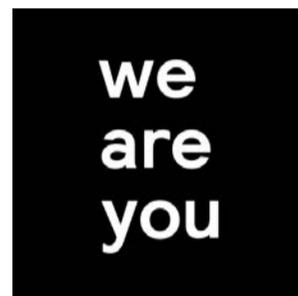

In addition to what we can arrange for you, there are a number of things that you must arrange yourself:

- A valid proof of identity and birth certificate (legalizes if required)
- Social Security Number (BSN) for tax and social security purposes.
You need a BSN, whether you are staying for a short, or for a longer period. Registration is free; for more information, visit:
www.government.nl
- Sufficient support resources. For more information, go to:
www.ind.nl/en
- Dutch health insurance
 - Everyone who lives in the Netherlands is required to have medical insurance. For questions about this obligation, you can call the Postbus 51 public information service on 0800 - 8051 or +31 10 428 95 51 when calling from abroad
 - The first point of contact for obtaining care in the Netherlands is registering with a general practitioner. Go to www.zorgkaartnederland.nl and enter your zip code to find your local GP; or visit your local town hall
- A Dutch bank account. (The most important banks are ABN-AMRO, Bunq (online bank), ING Bank, Rabobank)
